Robert E. Ellsworth, Jr., CEM  
Assistant Director

September 22, 2011

McHenry County Emergency Management Agency will host its first annual review of the McHenry County Natural Hazards Mitigation Plan on Thursday, November 10, 2011 at 9:00 a.m. at:

McHenry County Administration Building  
667 Ware Road, Woodstock  
Meeting Room (B)

This plan was completed as a partnership among County, Municipal, Townships, and public safety entities within the county. Given the nature of the plan and the intent of the parties involved, an annual review is due. This review will primarily focus on mitigation progress and scheduling.

The McHenry County Hazard Mitigation Committee (comprised of the original jurisdictional partners) will determine if other mitigation issues or efforts, based on any natural hazard occurrences or input from communities or the public, should be added to the Plan. Information from this meeting will form the basis of the annual report to be submitted to the County Board by the chair of the McHenry County Hazard Mitigation Committee.
